

ICEF14

INTERNATIONAL CONGRESS
ON ENGINEERING AND FOOD

June 20-23, 2023

LA CITÉ DES CONGRÈS
NANTES - FRANCE

> *Young scientist event June 19, 2023*

SPONSORSHIP OPPORTUNITIES

INVITATION

On behalf of the Organising and Scientific Program Committees, I invite you to participate in the

14th International Congress on Engineering and Food

- ICEF14. The Congress is presented by the International Association for Engineering and Food (IAEF) with support from the French society of Process Engineering (SFGP) , The National Scientific Council for Research (CNRS) and the National Institute for research in Agronomy and Environment (INRAE).

The International Congress on Engineering and Food is a quadrennial event, which has been established as the major event in food engineering and related fields over the last 50 years. It is held in a variety of international locations and we are honoured to organise on 19-23 June 2023 the second ICEF in FRANCE after Montpellier event in 2004. We gratefully acknowledge the support of The Région Pays de la Loire and IAEF for enabling this and the wonderful array of national and international speakers this will attract to the Congress.

The Congress will highlight opportunities for engineering innovations across the food supply chain to add value and enable the sustainable manufacture of healthier food products for global markets. Other relevant topics featured in the Congress program include food security, novel food processing technologies, food systems engineering and modelling, food properties and packaging, nutrition and health, food education, food engineering innovations, and many more.

ICEF14 brings together representatives from production sectors, science, technology, business communities and government focussing on how food engineering can deliver innovation and solutions to enhance the food value chain for the benefit of consumers,

the environment and the economy.

It presents an opportunity for you to present your products or services and meet face-to-face with this valued audience.

We cordially invite you to engage and take part in what promises to be an exciting and successful Congress.

We are looking forward to welcoming you to the historic city of Nantes, the home city of Junes VERNE in 2023.

Alain LE-BAIL

President

International Association for Engineering and Food

The Congress

The International Congress on Engineering and Food has been established as the major international event in the field of food engineering.

The congress is organized in Nantes, the 6th largest French city, the capital city of Pays de la Loire Région.

Pays de la Loire together with the Brittany neighbor Région represent the 10th economical area in the food sector at European scale.

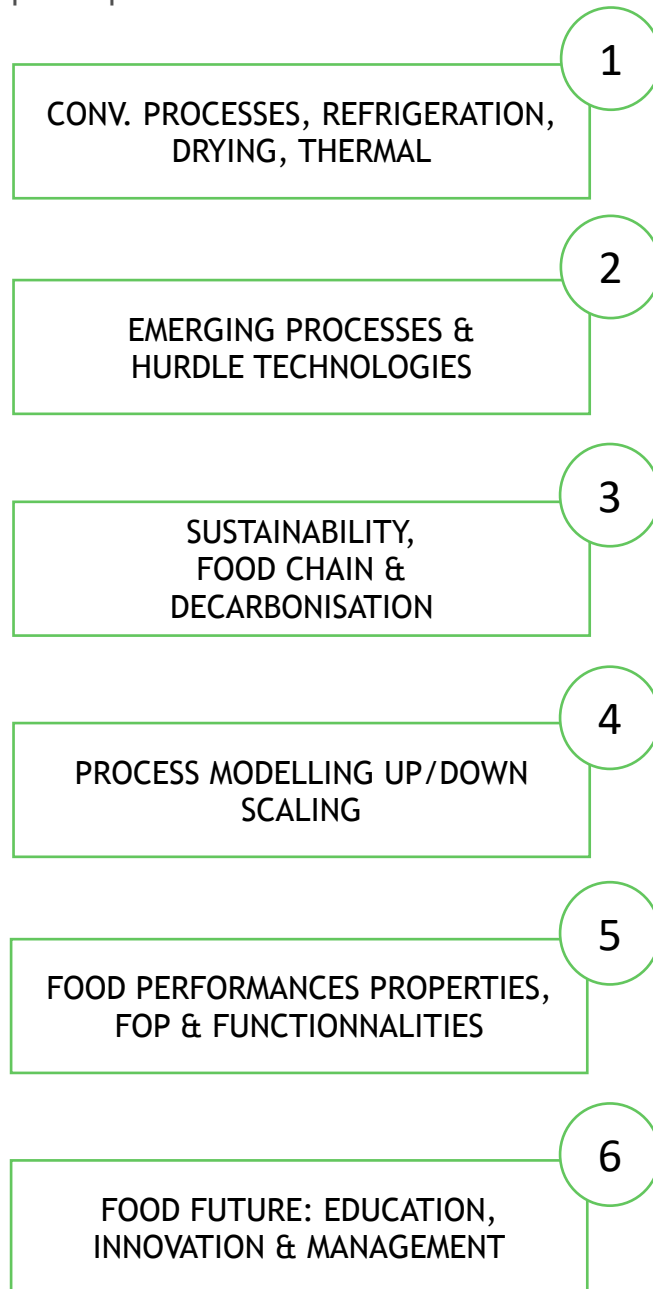

We expect to have a large representation of the food industry and of research laboratories.

Under the theme 'Engineering and Food' the Organising Committee is committed to explore new paths for innovation, present research and development results, exchange information on new processes and equipment, and discuss food engineering research and development directions for the future.

We are delighted to be able to offer commercial opportunities to companies with business links in food manufacturing and processing and we trust.

We can design a package to suit your business needs.

The technical sessions are organized around 6 pillars presented below:

Venue

ICEF14 will be held in the Congress centre "La cité" ([La Cité des Congrès de Nantes | Grand public](#) | [Professionnels \(lacite-nantes.fr\)](#)) in downtown Nantes at 10 min walk from train station. The congress will be held in the great hall with a large open space where we will host booths from industry partners and sponsors.

The Congress

		PLENARY 8			
10h30-11h15	Coffee break	Great Hall			
11h15-12h30	Closure ceremony	Auditorium 800			

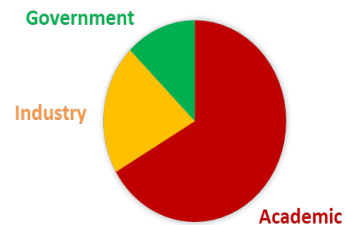

Attendance Profile

Who will attend ?

We expect over 800 delegates to attend with the audience to include:

- Food processors and engineers
- Ingredient suppliers and manufacturers
- Packaging companies
- Equipment suppliers and manufacturers
- Food industry consultants
- Industry associations
- Food service
- Agricultural producers
- Food scientists and technologists
- Academia
- Rural Research and Development Corporations (RDCs)
- Government
- Research organisations
- Regulators

Anticipated Attendance Breakdown based on the previous ICEF13 (2019-Melbourne Australia)

Held in Melbourne Australia, ICEF13 attracted an audience of around 600 representing industry, government, research organisations, regulators, academics and students and a stronger representation is expected for ICEF14.

ICEF13 attracted attendees from Europe, South America, North America and Asia and a stronger representation is expected to join the French initiative ensuring it is truly a global event and discussion.

Marketing Reach

An extensive marketing campaign will be used to promote ICEF14 to ensure maximum exposure for your organisation. Avenues for marketing include:

Online

A website devoted to the Congress, <https://www.icef14.com/> is live and will be updated continuously in the lead up to the event providing all current information on the program, speakers, networking functions and a section dedicated to sponsors and exhibitors.

Electronic Marketing

Direct email broadcasts will be distributed regularly in the lead up to the event. The email broadcasts include Congress updates such as program announcements, registration opening, networking functions, newly confirmed sponsors and exhibitors and more.

Digital Advertising

With a strong social community including Facebook followers, LinkedIn members and Twitter followers, the congress organization will provide an efficient and dynamic coverage to help our sponsors to broaden their communication before and during the event.

Sponsorship Opportunities

ICEF14 provides companies with a unique opportunity to have direct access to this influential target audience who are developing and using innovations across food supply chains. This prospectus outlines numerous avenues for you to market directly to this key audience. We encourage you to consider ways your company and brand will benefit from aligning with this exciting event. Integral to the Congress will be an exhibition that will allow you to meet and engage with delegates and promote your products and services face-to-face. In addition to the exhibition, the Congress will have networking functions which will allow you to interact with participants in an informal environment and catch up with new and old friends alike.

Why should you sponsor?

1

A presence at the Congress is your organisation's opportunity to leverage four days of unparalleled access to a potential client base, to inform them about your products and services and build long-term relationships.

2

Sponsorship is a proven tactic for marketing your brand: it combines the reach of magazine advertising with the power of direct mail and persuasion of face-to-face meetings.

3

Congress participants are keen to improve their knowledge. Aligning your company with this powerful educational experience demonstrates your commitment to assisting their development.

4

Your company will benefit significantly from exposure to an interested, relevant and influential audience in an informal yet informative environment away from the competition of everyday distractions.

5

The Congress will assist you in achieving strategic goals by providing you with direct exposure to your target market.

6

As a major Congress sponsor you will be given priority of placement within the exhibition. Platinum sponsors will receive first choice, followed by

Book Early

Aligning your company and booking early will ensure:

- Maximum exposure for your brand and increased opportunities;
- First choice of sponsorship opportunities to ensure alignment with your marketing aims; and
- Selection of prime exhibition space.

Please visit the Congress website <https://www.icef14.com/> or contact the Sponsorship and Exhibition Manager. We are keen to discuss how we can structure your package to best suit your needs.

Booking Details

Payment & Deadlines

To fully confirm your sponsorship and/or exhibition space, payment must be done upon invoice reception.

Cancellation

In the event of cancellation of sponsorship and/or exhibition space, please note that unless that particular area of sponsorship and/or exhibition space is resold, the Organising Committee reserves the right to retain all monies received. Cancellation before April 19th 2023 included, 50% of payment due will be retained. If the balance of payment is not received by the due date, the allocated sponsorship and/or exhibition space will be cancelled. Any sponsorship and/or exhibition space cancelled after April 19th 2023 will not be refunded; thus 100% forfeited. A full copy of the Terms and Conditions can be found on the website and it is integral to the application form, it must be read and ticked as read prior to finalising your application.
